ROUND 3

APOLLO TYRES X ACC · ROUND 3 · CRICKET-LED RURAL PLAN

Cricket Brings the Farmer In; the Shop Closes the Sale

Make Apollo the tractor tyre farmers ask for and dealers sell, before the jersey deal ends in March 2028.

FOUR NUMBERS BEHIND THE PLAN

9%*

Apollo's share of tractor-tyre replacement; the jersey has barely moved farm search.

170 vs 3,690

Apollo vs MRF tractor-tyre dealer listings; farmers who ask often can't buy.

1.15 lakh*

farmers registered by four cricket prongs; 1 in 5 must buy an extra pair to break even.

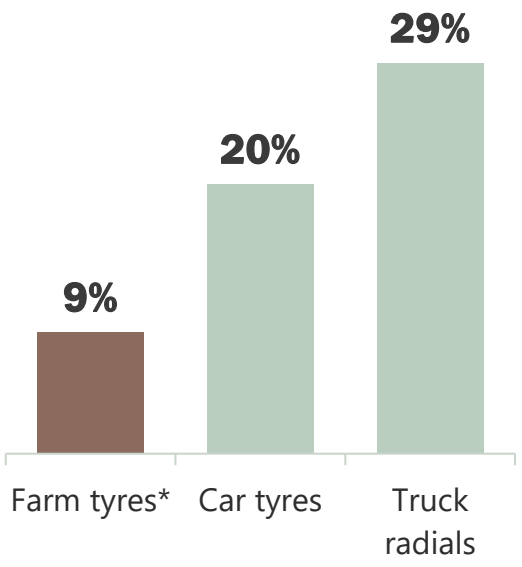

Rs 19.9 cr*

to March 2028 without the IPL; breaks even at 2.3 share points, tested in control tehsils.

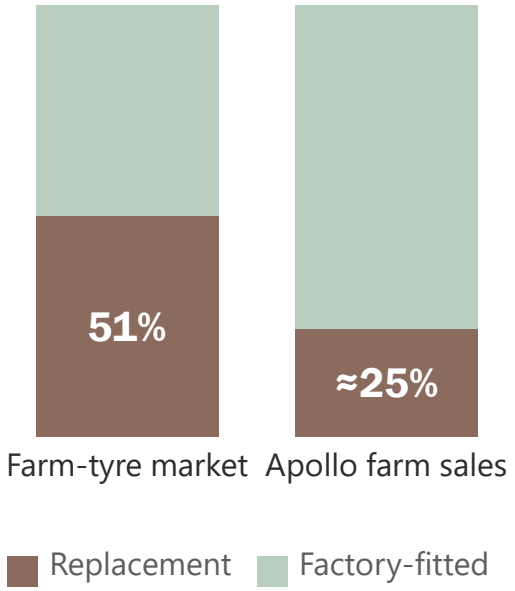

* Our estimate or planning assumption; see appendix A1.

Apollo Wins New Tractors, Not Farmers: 9% of Replacements, Unmoved by the Jersey

1 Replacement share, %

2 Sales mix

3 Named in 261 owner comments

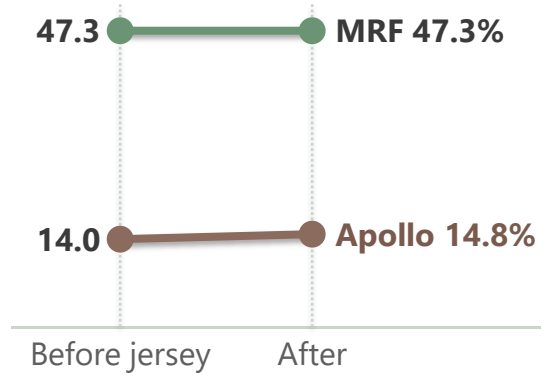

Factory-fitted Apollo comments

6 of 8 failure stories

4 Share of searches, %

1 cricket mention in 3,350 comments

So what **Bucket 1: give farmers a reason to walk in and ask for Apollo by name.**

Assumptions: *9% = 25% replacement mix × Rs 1,189 cr farm revenue ÷ Rs 3,300 cr market (range 7-12%); rests on one broker line (A1).

The Shop Can't Sell Apollo: Too Few Stockists, No Credit Edge, No Claim Promise

1 NOT STOCKED

170 vs 3,690

Tractor-tyre dealer listings, TractorGyan

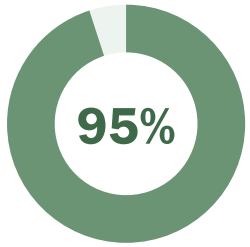

Apollo	**170**
MRF	**3,690**

Not a census; MRF an upper bound

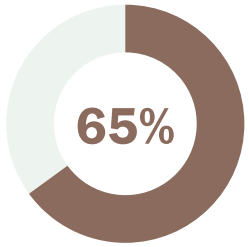

6,933 → 6,527

Apollo dealers, FY26; MD: shortages "in farm"

2 NO CREDIT EDGE

tractors bought on credit

farm-input buyers switch dealer for credit

Dealers sell ***"all brands at zero down payment"***

Apollo's dealer credit terms: not public

3 NO CLAIM PROMISE

MRF: answers in **7 days**

Apollo: no time to settle; **"final and binding"**

27 of 41 owner complaints: the claim

So what **Bucket 2: the shop needs Apollo in stock, a reason to push it and a promise to sell with it.**

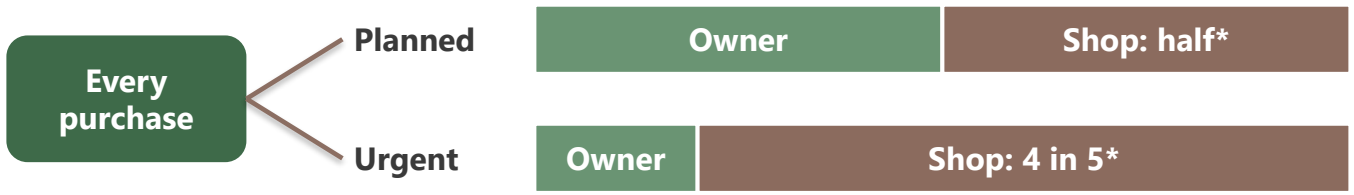

Assumptions: Credit-switching is a farm-input analogue (pesticides, Kurnool, n=80); no tractor-tyre credit data is published.

Farmers Choose on Tyre Life; Stock and Credit Win the Urgent Sale

Tyre wears or fails	Hears	Walks in	Shop closes	Claims, rebuys
Factory-tyre claims: tractor dealer, 13 of 19 court cases	Tyre life (hours, years): 42% of owner comments	Planned: 1-2 brands Urgent: nearest shop with the size	Stock, price, credit, guarantee	Nobody tracks the buyer
✗ Factory Apollo in failure stories	✗ Few owners talk about Apollo		✗ Apollo often not in stock	✗ No registered Apollo buyers

WHO PICKS THE BRAND

61% of owner comments speak as the chooser; 1 of 261 names a mechanic. Split unmeasured: our counter study will.

WHO WE TARGET

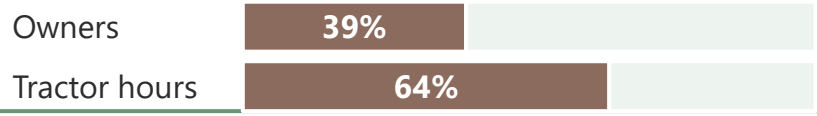

First replacement tractor age, years

3-5 years

Many on factory Apollo (Mahindra: 43.6% of tractors)

Heavy users

So what **Awareness and trust make farmers ask; stock and credit close the sale. Fix both, or neither pays.**

Assumptions: *Half of planned and 4 in 5 urgent sales is our estimate from shop surveys abroad (US: 52.5% name no brand; Japan: 36% take the seller's brand).

Cricket Brings Farmers In and Gives Dealers Reasons to Sell; the Offer Closes

BUCKET 1 · BRING FARMERS IN

Cricket leads

- **Awareness** — Team India jersey where farmers gather
- **Trust** — Stars with long careers vouch for long tyre life
- **Recall** — *"Replacement chahiye to Apollo hi sahi hai"*

Prongs 1 Wishing India Well · 2 Kisan League · 3 Apollo Impact Player

BUCKET 2 · CONVERT TO SALES

Cricket helps: four reasons to sell

Footfall
Village screen on India match days

Status
"Team India sponsor's dealer" board

Dealer

Leads
Every contact within 48 hours

Reward
India-match seats, Man of the Match stage

The offer closes

What cricket can't do

- **Credit for dealer and farmer**
- **7 days** — **Written warranty, settled in 7 days**

Prong 4

Every cricket activity ends at a sales step: STOCK · GUARANTEE · REGISTRATION

So what — **Cricket is why farmers come in and why dealers push Apollo; the offer is why they buy.**

Sources: exchange4media · Champions Offer terms

Four Cricket Prongs Move Farmers from Knowing Apollo to Buying and Registering

	Sales step KPI	Cost to Mar 2028*
1 Wishing India Well Free ODI screenings; Tendulkar, Bumrah films	Tyre check → registration → voucher **Farmers registered per store**	**Rs 8.2 cr**
2 Kisan League Village tennis-ball tournaments: desk, checks, discounts	Voucher at the nearest stocked dealer **Discounts redeemed**	**Rs 3.1 cr**
3 Apollo Impact Player Substitute = replacement	Line on every desk, card and film **Recall of the line**	**Free; Rs 80 cr if IPL**
4 Seats for sellers Top dealers: India-match seats, Man of the Match stage	Stock, credit, 7-day warranty, registration **Registered sales**	**Rs 4.7 cr**

"Replacement chahiye to Apollo hi sahi hai"

Funnel to March 2028*

3.8 lakh farmer contacts → 50% → **1.9 lakh** tyres checked → 60% → **1.15 lakh** registered → 19% → **22,300 extra sets** to break even: 1 in 5 buys

So what **Each prong is judged on tyres sold in its tehsils against control tehsils, not on reach.**

Assumptions: *60 farmers a screening, 1,500 people a tournament; half get a tyre check, 60% of those register (A1). Measurement, office, contingency add Rs 4.0 cr; Rs 80 cr IPL is our guesstimate.

India Match Days Turn the Apollo Shop into the Village Screen and Tyre Check

MATCH DAY AT THE STORE

KPI

1. **Free ODI screening**
   Apollo farm stores, 30 focus districts
   ◎ Farmers per screening, counted at the door
2. **Free tyre check**
   Pressure and tread, while the match plays
   ◎ Tyres checked
3. **Worn tyre found**

4. **Phone registered**
   60-day voucher
   ◎ Phone numbers registered
5. **Voucher redeemed**
   From stock
   ◎ Vouchers redeemed, by code

The films

Sachin Tendulkar (Apollo ambassador, 24 years at the top) and **Jasprit Bumrah**: long innings, long tyre life

Hindi, Punjabi cuts on YouTube; **56-78%** of men in focus states have used the internet

◎ Recall and search vs control tehsils; baseline 14.8%

Cost to March 2028*

Rs 8.2 cr

Screenings 3.9 · Films 0.75 · Bumrah 2.0 · Rural digital 1.5

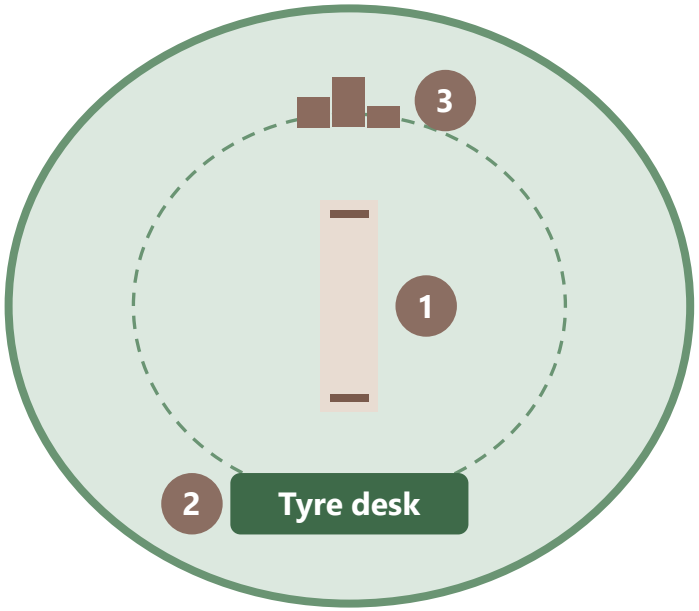

So what **The jersey on TV didn't move farmers; the jersey beside a free tyre check can.**

Assumptions: Rs 10,000 a store-day; 300 stores; 11 India World Cup match days; Bumrah Rs 2 cr (reports: Rs 1.5-3 cr a deal). Needs a screening licence; Team India marks only.

Apollo Backs Village Tournaments That Already Run, with a Tyre Desk at Every Ground

Existing tennis-ball tournaments in dense tractor tehsils

1. **Apollo Impact Player award** every match
2. **Sales desk** and free pressure checks for players and fans
3. **Man of the Match and winners:** discount for the family tractor

30 tournaments — **Pilot** Jan-Mar 2027 › **100** — **Scale** Oct 2027-Feb 2028, after harvest

Rs 3.1 cr*
100 × Rs 3 lakh discounts 0.08

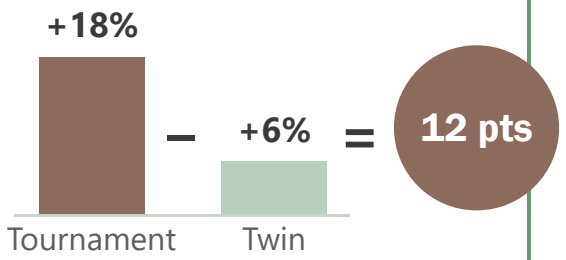

PROOF: THE TWIN-TEHSIL TEST

1 **Pair:** twin tehsil, same district, similar tractor count and 24 months of Apollo sales

2 **Track:** Apollo's invoices to dealers ("billing"), monthly

3 **Subtract:** tournament gain minus twin gain; voucher codes give a direct count

Example, not a forecast

extra sales growth, credited to the league

So what **Apollo goes where the village already gathers, and every contact ends at a stocked dealer.**

Assumptions: About Rs 3 lakh a tournament (Badopal prize pool); Rs 1,000 discount, half redeemed; players are young (1.5% over 40), so the desk talks to fathers and fans.

Company-wide test

Rs 267 cr = 1.35% of Rs 19,816 cr standalone revenue

Extra sales across all tyres to repay Rs 80 cr

Checks

- CEAT holds IPL partner rights to about 2028
- Rule set to 2027, under BCCI review
- IPL money spent before Gate 1

So what **Prove the line free in villages; let the whole company make the IPL call by January.**

Assumptions: Rs 80 cr for one IPL season is our guesstimate (CEAT ≈ Rs 48 cr a year; Gemini ≈ Rs 90 cr a season); 30% contribution margin.
